Ethical Hacker's WORKSHOP

SecureData TECHNOLOGIES

"Tis the season to be alert! - New Cyberthreats w/ChatGPT"

Course Syllabus – July 2023 – We will be using the WebEx virtual link on this email! Stay tuned!

Round Table discussion:

- National Security Risk and ChatGPT
- Should organizations adopt a ChatGPT policy?
- How far is too far?

Presentation

New Cyberthreats w/ChatGPT

- Who is entering into this new frontier?
- What are the enhanced threats?
- Newest GPT-4 AI Security Analyst Tool
- Steps that organizations should take

Huddle Up – (10 min) (What did we learn? What would we like to see next time?)

⚠

Notes to Consider….

Remote Notes:

- Add resources to cloud share/downloads….
- WebEx, Zoom, any streaming application….
